

FILMING LOGISTICS IN MONGOLIA

BEST AND UNFORGETTABLE

FILMING EXPERIENCES

IN MONGOLIA!

Mongolia Quest offers filmmakers unparalleled access to this breathtaking country's diverse landscapes, people, and wildlife. We are passionate about media and have extensive experience facilitating filming projects of all sizes and complexities.

Our Services:

- **Location Scouting & Permits:** From epic steppes to ancient monasteries, we'll help you find the perfect locations and secure filming permits.
- **Logistics & Support:** Our years of experience navigating Mongolia ensure smooth operations, including custom clearance, transportation arrangements, and equipment rentals (vehicles, tripods, camera support).
- **Local Expertise:** Our vast network in Ulaanbaatar and beyond connects you with the right people to ensure a successful shoot.
- **Remote Filming Support:** We understand the challenges of filming in remote locations. Our team has successfully transported bulky equipment and arranged logistics for even the most demanding productions.

Partnering with Professionals:

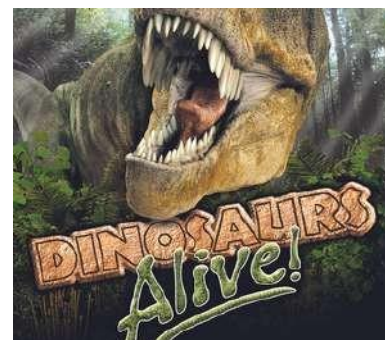

We collaborate with industry experts like historians, biologists, and archaeologists to create truly comprehensive and impactful media projects. This ensures your filming experience is genuine, rewarding, and captures the essence of Mongolia.

2007

Dinosaurs Alive, IMAX documentary,
Produced by Giant Screen Films

Journey with renowned paleontologists as they hunt for fossilized clues buried in Mongolia's Gobi Desert and Ghost Ranch, New Mexico, uncovering evidence that dinosaur descendants may still walk (or fly) among us today.

2007

Tsetsgee Munkbayar, Goldman Prize Short
Films, Produced by Mill Valley film Group

Munkhbayar successfully worked with government and grassroots organizations to shut down destructive mining operations along Mongolia's scarce waterways. Through public education and political lobbying, Munkhbayar has effectively protected Mongolia's precious water resources from additional unregulated mining.

2018

A Bigger World, Produced by Haut e Court

In order to get over the death of Paul, the love of her life, Corine leaves Paris for a few weeks in Mongolia. But her meeting with the shaman Oyun upends her plans, as Oyun proclaims that Corine has received a rare gift. Back in France, she cannot refuse what is now imposed on her: she must go back to Mongolia to begin her initiation... and discover a bigger world.

2018

Mongolia Rise and Fall of an Empire,
Director Robert H.Lieberman

This film is a journey through Mongolian history and into modern Mongolian culture. It offers fascinating insights into the little-known central Asian nation.

2019

Living with Snow Leopards 3 Part Series, Produced by Fidget Films

Three powerful short films explore the lives of four families from India and Mongolia as they navigate the challenges of coexisting with predators in their backyards. Each is a moving testimony to Snow Leopard Trust’s work to help communities and snow leopards thrive.

2019

Bayarjargal Agvaantseren, Goldman Prize Short Films, Produced by Mill Valley film Group

Bayarjargal Agvaantseren helped create the 1.8 million-acre Tost Tosonbumba Nature Reserve in the South Gobi—a critical habitat for the vulnerable snow leopard—and persuaded the Mongolian government to prohibit all mining within the reserve.

2019

Culture Quest with Ian Grant, Produced by Slow Boat Productions

This six episode pilot season premiered on PBS fall of 2021. It’s a series that looks at life through the lens of the world’s artists, artisans and keepers of culture.

2019-2022

Rally for Rangers Documentary, Produced by Fisher Creative

The film highlights the difficulties and dangers in these rangers’ work and how the rallies are delivering critical tools to these front-line conservation heroes that help them do their jobs protecting some of the world’s most valuable, vulnerable, and sometimes life-sustaining natural and cultural resources for the benefit of us all.

BBC Planet Earth III, Produced by BBC Earth Team

2020-2023

The footage of Mongolian snow leopards is featured in an episode of 'Planet Earth III: Extremes,'.

BBC Asia Series, Produced by BBC Natural History Unit

2021-2023

The Mongolian gazelle and gobi bear filming will form a critical part of the 'Deserts and Grasslands' Episode of a seven-part Natural History television series called 'Asia'. The aim of the series is to showcase the spectacular wildlife of this vast continent.

Snow Leopards, Produced by Off the Fence Production

2024

A captivating journey through the rugged landscapes of Kyrgyzstan and Mongolia alongside PhD student Dan O'Neill as he joins forces with the Snow Leopard Trust to unravel the mysteries of the elusive Snow Leopard. In this groundbreaking natural history and observational documentary, we witness Dan's pioneering research as he employs cutting-edge technology to study these majestic creatures like never before.

Topaz Gobi Bear Project, Produced by Offspring Films

2024

A Gobi bear shooting at Gobi A National Park.
